

Nordkalk Vision

Engaged personnel delivering profitable growth

Our Strategy is to 1. further develop our local leadership in limestone-based products, 2. select carefully and execute growth opportunities in quicklime and 3. offer highly developed special products. The focus areas are:

- Good and safe workplace
- Secured reserves
- Growth on the selected markets
- Unified processes and continuous improvement

Our Mission – We deliver limestone-based products to numerous industries, and our solutions contribute to clean air and water as well as productivity of agricultural land.

Our Values – Openness, Fairness, Modesty, Trust and respect
